Team Tapovan is back to celebrate our upcoming Annual day event called 'Taranga'. The Waves to commemorate twenty years of dedicated service in the field of education.

We as a school are trying against all odds to inculcate "Bharateeyata" among growing minds.

This year our school day theme is "360°canvas" depicting multi dimensional development at school. Management has already built second floor to accommodate ATL and other Labs and additional 6 classrooms to upgrade school to 11th and 12th standards in all streams.

This year, focus is on making it a Green Energy school. Work is in progress for Solar energy and Rain water harvesting.

On the technology front, School has received international recognition. I personally feel that you as a parent is the most befitting person to share and shoulder the responsibility of making this "360° canvas" theme a visual feast using right costumes, LED screen background for visuals, sound and lighting effect to match the grandeur.

Your presence and involvement will surely help us to meet the expenses to showcase the grandeur and make an imprint on growing minds.

Contribution by each parent per child: ₹1200 (Compulsory for all to be paid to respective Class Teacher).

Kindly Note: All the students can participate in any one event only.
